Declaration

- Withdrawal periods have been observed for all veterinary medicines and other treatments administered to the animals while on this holding and previous holdings.
- To the best of my knowledge the animals are not showing signs of any disease or condition that may affect the safety of meat derived from them.
- No analysis of samples taken from animals on the holding or other samples has shown that the animals in this consignment may have been exposed to any disease or condition that may affect the safety of the meat or to substances likely to result in residues in meat.

If the animals detailed on the relevant MC2 / MS2 do not fulfil all the above statements, tick this box and provide additional information overleaf – otherwise, please sign below
